Welcome to Brand Fusion's Product Portfolio

This portfolio presents to you all the latest products and brands available from a company that is now one of the leading global golf and multi-sport distributors, supplying the trade.

As well as our own brand of golf accessories, Brand Fusion distributes some of the biggest names in golf today, enabling us to offer a 'one stop shop' solution to pro shops, retail stores and distributors. We supply everything from the smallest pack of tees to the latest state of the art Sun Mountain golf bag, which can even be personalised with your own club logo or design.

There is only one number you need to remember for all your golfing needs: + 44 (0) 1372 373237, and Brand Fusion's trade customers can place their orders online with one simple log-in.

WHY BRAND FUSION?

brand fusion INTERNATIONAL LTD

HUGE PRODUCT RANGE
Our vast product range means that you can purchase the majority of your Pro / sports shop supplies from a single source. Brand Fusion works with some of the most prominent brands in golf, offering you the widest choice of hardwear and accessories. We are constantly updating our product range; seeking out the most innovative products and brands to offer our customers.

FREE PROMPT DELIVERY
Delivery is free to customers who spend a minimum of £150. In the majority of cases orders received before 12.00 midday will be dispatched the same day.

FRIENDLY STAFF - GREAT SERVICE
We value your custom here at Brand Fusion and seek to deal with enquiries in a professional and courteous manner. We are available for sales and technical enquiries during standard working hours. Additionally we operate an online 'chat' service where we can answer your questions.

ORDER ONLINE 24/7
Our website carries our full product range and is tablet and smartphone friendly. Control your account from purchase to payment with one simple login. Re-order 'favorite' items from your saved list. View, check and pay invoices.

INCREASED PROFITS
Not only do we offer a fantastic range of products, that really sell through, but our products are priced such that we offer great margins, increasing your returns.

PERSONALISED PRODUCTS
Brand Fusion now supply a large range of personalised products which we can print or embroider with your club or corporate logo.

POINT OF SALE
Our in-house design team can offer bespoke Point of Sale to help improve your sales.

SOCIAL MEDIA
We have a large and growing following of golfers on social media. We post regular updates across all platforms to promote our latest range of products and drive to you and your business!

2016 — Zebra named one of the most famous golf clubs in history by 'Golf' magazine

2017 — Zebra named one of the best putters in history by 'Golf Monthly'

2023 — Zebra is back!

Zebra Putters - Sole Weights & Wrench

By default, all AIT putters from Zebra come with x2 15g sole weights - 10g & 20g weights are now available as an option, alongside a compatible wrench

ZAITW10	Zebra 10g Sole weights x2
ZAITW20	Zebra 20g Sole weights x2
ZAITWRENCH	Zebra Wrench

Zebra Putters - AIT 1

AIT 1 is a modern take on the Zebra Putter which started it all. It adds their bigger, bolder Zebra alignment system to make this putter even easier to aim.
AIT 1 is also larger and more forgiving than the original thanks to its horseshoe weight that pushes mass to the edges of the putter head.
AIT 1 is super stable, super forgiving, and 100% Zebra.

- Head mass : 355 grams
- Left & Right hand options available
- 33", 34" & 35" options available
- Sole weights : 2 x 15 grams
- Loft : 3.0, Lie : 70 • Offset : 3/4 shaft
- Toe hang : Face balanced
- Grip : Bespoke Winn Zebra grip

ZEBRA PUTTERS

Zebra Putters - AIT 2

AIT 2 merges Zebra's iconic alignment with a fang-shaped putter head which boosts performance and ease of alignment.
To increase forgiveness, Zebra have hollowed out the interior of AIT 2 and pushed the maximum amount of weight into the fangs.

- Head mass : 355 grams
- Left & Right hand options available
- 33", 34" & 35" options available
- Sole weights : 2 x 15 grams
- Loft : 3.0, Lie : 70 • Offset : 3/4 shaft
- Toe hang : Face balanced

Zebra Putters - AIT 3

AIT 3 is an X-shaped mallet putter that takes cues from some of the most successful mallet putters in the modern era.
A golf-ball-sized cavity blends perfectly with Zebra's iconic alignment system to make it easy to see the ball going in.
With two solid weights in the front of the putter, as well as two adjustable weights in the back, AIT 3 is made for golfers that want maximum forgiveness and performance.

- Head mass : 355 grams
- Right hand only
- 33", 34" & 35" options available
- Sole weights : 2 x 15 grams
- Loft : 3.0, Lie : 70 • Offset : 3/4 shaft
- Toe hang : Face balanced
- Grip : Bespoke Winn Zebra grip

Right Hand	**ZAIT3RH33**	33"
	ZAIT3RH34	34"
	ZAIT3RH35	35"

Zebra Putters - AIT 4

AIT 4 is Zebra's blade-style putter for golfers who prefer a compact shape at address and toe hang. To maximize forgiveness, Zebra have given this putter a wide-body design which brings the forgiveness of a mallet to a blade.
AIT 4 is the easiest-to-aim blade around and packs an ultra-soft feel thanks to Zebra's Multi-Material Insert Construction which repositions more than 30 grams of weight away from the face.

- Head mass : 350 grams • Grip : Bespoke Winn Zebra grip
- Left & Right hand options available
- 33", 34" & 35" options available
- Sole weights : 2 x 15 grams • Loft : 3.0, Lie : 70
- Offset : Full shaft • Toe hang : 25°

SUN MOUNTAIN

CUSTOM EMBROIDERY - REPRESENT YOUR CLUB, TEAM OR COMPANY

Sun Mountain have a long history of introducing innovative golf equipment that is as refined in design as it is golf-minded in function.

Imagine having your Company Logo, Golf Club crest or even your name on one of these fantastic bags and travel covers.

This can be a reality with our custom embroidery.

With a standard 'set up' and 'stitch count' fee for single logos, tonal logos to match in with the colours of the bags, and the chance to add names and wording for a nominal fee, we feel our custom embroidery service is second to none.

Custom embroidery is a fantastic way to advertise corporate or charity events, to personalise your golf bag, or to promote your golf club

Please contact your Brand Fusion agent for further details of our embroidery & screen printing service.

N.B. Nearly all Sun Mountain branded bags can be embroidered. We also stock a range of bags without the Sun mountain logo should you wish your own logo to be prominent on the bag.

GREENKEEPERS - ACCESSORIES

GreenKeepers, Inc. was founded in 1996. Since then, GreenKeepers have introduced several products many golfers know and love, including the 4 Yards More performance golf tee, the Line-M-Up stenciling device and the Myball golf ball personaliser.

GreenKeepers philosophy is to "make products which make a real difference to your game"

DMPEN01 (Tub of 100)
DMPEN02 (Pack of 2)

'Dri-Mark' Golf Ball Marking Pens

- Excellent adhesion and durability
- Moisture & impact resistant
- Fine tip, perfect for marking
- Assorted bright, opaque colours
- Bulk tub of 100 or pack of 2
- Customise your golf ball
- Use in conjunction with 'Line M Up'

4 Yards More Golf Tee

The "4 Yards More" tee is designed with a rigid polymer stake and a dynamic six prong elastomer crown.

The ball launches off the tee with less friction and low ball spin resulting in longer, straighter drives.

Proven in both 'robotic' and 'field' tests.

PTS™ PROFESSIONAL TEE SYSTEM — Pride Sports

PTS (Professional Tee System™) is a proprietary system, developed exclusively by PrideSports, to help golfers easily and quickly select a tee length to match specific golf clubs.

The PTS system consists of five different coloured identifiers that represent one of five specific tee lengths. Every PTS tee will have a printed single-colour stripe, or other feature, that identifies with a specific tee length that best matches a specific club or clubs. By matching the colour and tee lengths to specific clubs, PTS helps golfers effortlessly select the best tee for every situation.

What is the Big Golf Race?

The Big Golf Race isn't your typical round on the course—it's a big day out where every swing makes a real difference. Your 36, 72, or ultimate 100-hole challenge will be driving crucial change for men affected by prostate cancer.

Each pound you raise will help blaze a trail to a future where every man is invited for regular, accurate tests to catch prostate cancer early enough for a cure. We're closer than ever, but it's your skill and determination that will help us go the distance and change the game for men.

Until we reach that goal, your time on the course will raise awareness of the most common cancer in men. Every swing, every round, and every moment with friends will spark conversations and encourage men to check their risk today—so they can find prostate cancer early enough to be cured.

If you can go the distance, we can too.

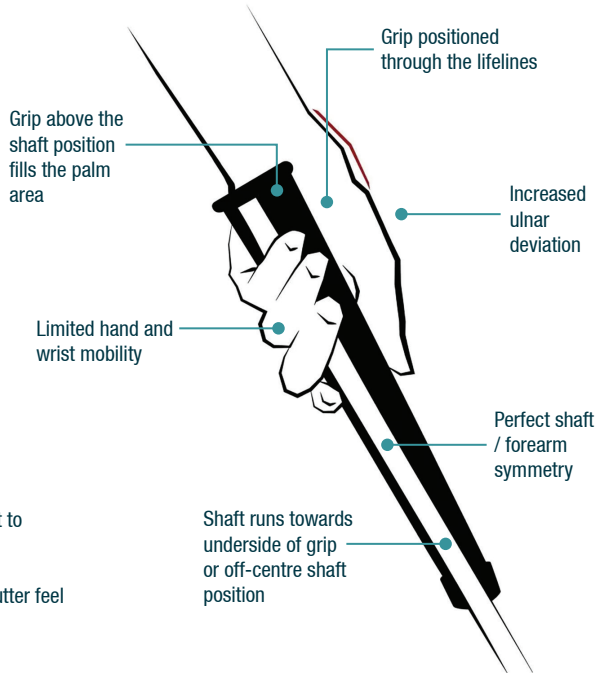
P2 GRIPS

Science Meets Feel



Science Meets Feel - What's different about P2 putter grips?

- P2 grips feature a shaft position which runs off-centre and along the underside of the grip
- The shaft position runs 1.5 – 3.0 degrees off-centre in each grip which increases the ulnar deviation of both wrists during the stroke
- The increased wrist angle (ulnar deviation) limits the amount of mobility or movement to the wrists and hands, preventing them breaking down during the stroke
- The grip is perfectly positioned in the life line of the palms of both hands, the ideal placement to ensure control, consistency and accuracy
- The actual lie angle of the putter is not affected, the change in wrist position will make the putter feel slightly more upright once in the correct playing position with the putter head flat on the green

P2 AWARE Tour Midsize Hybrid Paddle Putter Grip

- A midsize hybrid paddle grip with flat sides which sit squarely in the palms
- Flat sides ensure both palms match up perfectly with the putter face
- Features an off-center shaft position of 3 degrees
- Targeted at the golfer who prefers more of a midsize than oversize feel
- Performance tip: Coaches have noted improvements using this grip for golfers needing to reduce putter face rotation
- Weight: 55 grams +/- 2gm
- Core size: 0.580"
- Off-centre shaft: 3 degrees
- Available in a range of colours

RED	WHITE	BLUE	GREY	BLACK
P2ATR	P2ATWBK	P2ATBL	P2ATGY	P2ATBKW

P2 CLASSIC Tour Oversize Hybrid Paddle Putter Grip

- An oversized hybrid paddle grip with flat sides that sit square in the palms
- Flat sides ensure both palms match up perfectly with the putter face
- Same shape profile as the Aware Tour but deeper from front to back taking up more of the palms of both hands
- Features an off-centre shaft position of 3 degrees
- Hand and wrist movement will feel more restricted due to the combination of off-centre shaft position and extra material positioned above the shaft
- Weight: 67 grams +/- 2gm
- Core size: 0.580"
- Off-centre shaft: 3 degrees
- Available in a range of colours

P2CTR	P2CTWBK	P2CTBL	P2CTGY	P2CTBKW

P2 REACT Tour Midsize Putter Grip

- A midsized grip with rounded sides and minimal taper from top to bottom
- The shape provides a wide flat section for both thumbs to sit comfortably allowing for varied gripping styles
- The V-shaped underside, designed to subtly externally rotate the hands underneath the grip whilst in ulnar deviation, encouraging the forearms and elbows to tuck in closer to the body during the stroke
- Features an off-centre shaft position of 3 degrees
- Weight: 67 grams +/- 2gm
- Core size: 0.580”
- Off-centre shaft: 3 degrees
- Available in a range of colours

P2 REFLEX Tour Oversize Putter Grip

- The Reflex Tour is an oversized grip and the largest in the P2 Grips range
- Features rounded sides and minimal taper from top to bottom
- Deeper front to back - the flat section on top is not as wide as the React Tour
- Similar in size to the Classic Tour, the hand and wrist movement will feel more restricted due to the combination of the off-centre shaft position and extra material positioned above the shaft
- Weight: 77grams +/- 2gm
- Core size: 0.580”
- Off-centre shaft: 3 degrees
- Available in a range of colours

RED	WHITE	BLUE	GREY	BLACK
P2RXTR	P2RXTWBK	P2RXTBL	P2RXTGY	P2RXTBKW

P2 TOUCH Tour Oversize Hybrid Paddle Putter Grip

- A traditional pistol style grip which merges a pistol shaped top section with a minimal taper lower down the grip
- The more pronounced arc of the pistol shape helps lock in the position of the top hand even further when combined with the patented P2 off-centre shaft design
- Features an off-centre shaft position which is reduced to 1.5 degrees
- Targeted at the golfer who has a repeatable stroke, prefers a smaller pistol shape but can still benefit from creating slightly more ulnar deviation
- Weight: 85grams +/- 2gm
- Core size: 0.580”
- Off-centre shaft: 1.5 degrees
- Available in a range of colours

JumboMax GOLF GRIPS

Every other sport (think baseball, tennis, and hockey) and every tool in our toolboxes has a large handle. So why are golf grips small? It doesn't make any sense. After all, it takes much more force to hold onto a small handle, and one thing all golf teachers can universally agree on is that squeezing a golf club handle is bad!
JumboMax® Grips offer golfers tour- quality grips with ergonomically correct sizing. That's a scientific way of saying they "supersised" them. And it makes a BIG difference!

JUMBOMAX SWING GRIPS - ULTRALITE SERIES

Created to be 20-25% lighter than skinny grips. For golfers looking to max out their speed, UltraLite grips can help by reducing the overall weight of the club

- Used by U.S. Open champion Bryson DeChambeau
- UltraLite Tri-texture construction, 20-25% lighter than standard grips
- Features Tri-Texture™ surface details in specific areas of the grip
  - Hex pattern for maximum texture in key gripping areas
  - Cross pattern adds tackiness and disperses moisture
  - Herringbone 'V' pattern assists in consistent hand placement
- Promotes light, even grip pressure to generate faster clubhead speed
- Super-oversized profile improves clubface awareness and control
- Twist-resistant StabilityCore™ which offers maximum performance in the rough
- Developed for demanding golfers who seek enhanced clubhead awareness

JUMBOMAX SWING GRIPS - ZENLITE SERIES

Zen Lite® is the first JumboMax® grip to feature a pro-preferred rubber surface, and it's available in all seven sizes

- Pro-preferred rubber surface provides maximum feedback and control
- Zen Lite features a firm feel and highly textured gripping surface
- UltraLite construction, 10-15% lighter than standard grips
- Promotes light, even grip pressure to generate faster clubhead speed
- Super-oversized profile improves clubface awareness and control
- Twist-resistant StabilityCore™ which offers maximum performance in the rough
- Zen Lite is JumboMax's best grip for wet or humid conditions
- Rubber outer channels water away from the surface to provide maximum traction

JUMBOMAX PUTTER GRIPS - MID JUMBO

The Mid-Jumbo Putter Grip is designed to improve consistency with an ergonomic “jumbo” pistol shape modelled after a hammer.

Its classic tapered design enhances touch and feel, offering an ideal balance of comfort and control.

- Reduce Tension, Jumbo pistol shape fits your hands better
- Classic tapered design improves touch and feel
- Poly-Tour™ outer provides optimal tackiness and texture
- Twist-resistant StabilityCore™ maintains shape and performance over time

JUMBOMAX PUTTER GRIPS - ST1.2

ST1.2™ is what JumboMax call ‘comfortably oversized’ It has a straight, non-tapered profile that helps golfers stabilize their hands & sink more putts

- Straight, non-tapered profile promotes a tension-free putting stroke
- Moderately oversized to help stabilize the hands & improve consistency
- TargetTac™ texture delivers improved tackiness and feedback
- TargetTac™ texture is located on the sides and underside of the grip
- TargetTac™ delivers added texture and improved moisture management
- Twist-resistant StabilityCore™ offers playability in all weather conditions
- With the ST1.2, golfers can relax their grip pressure and pay attention to what matters: line and speed

JUMBOMAX PUTTER GRIPS - ST 1.2 15"

ST1.2 15” putter grip is designed for golfers seeking enhanced stability and control on the greens. Its 15-inch length is perfect for counterbalancing, while the moderately oversized profile helps stabilize the hands for improved consistency

- Straight shape encourages a tension-free putting stroke
- Straight shape promotes smoother, more pendulum-like motion
- Moderately oversized to help stabilize the hands & improve stroke consistency
- Straight profile promotes a tension-free putting stroke • Poly-Tour™ outer provides optimal tackiness and texture • 15-inch length is ideal for counterbalancing

JUMBOMAX PUTTER GRIPS - ST1.3

The ST1.3™ is the largest putter grip from JumboMax.
With a diameter of 1.3-inches and a straight, non-tapered profile, the ST1.3 maximizes surface area to help golfers reduce their grip pressure and stabilize their hands.

- Straight, non-tapered profile promotes a tension-free putting stroke
- Jumbo sizing offers maximum stability during the stroke
- TargetTac™ texture delivers improved tackiness and feedback
- TargetTac™ texture is located on the sides and underside of the grip
- TargetTac™delivers much improved moisture management
- While the smaller ST1.2™ has a rounded-back design, the ST1.3 offers golfers a more square shape that helps fill up their hands and aids in consistent hand placement

JUMBOMAX PUTTER GRIPS - JUMBOFLAT 13

JumboMax pros asked if they could incorporate the many benefits of the award-winning JumboFlat™ 17 into a grip specifically for counterbalanced putters. The result is the JumboFlat™ 13, which has been optimized to work perfectly with the counterbalance style

- JumboFlat™ 13 adds instant counterbalance to your putter
- Ideal for both standard-length putters and extended-length putters
- Superwide, flat surface for maximum stability & help to eliminate wrist-break
- Rounded bottom section is formed to fit your fingers
- TargetTac™ texture delivers improved tackiness and feedback
- Tapered design delivers a natural feel that is often lacking in other wide grips
- Because of its added width, the JumboFlat™ 13 promotes a slight forward press to help golfers improve their roll and consistency

WHAT BRYSON SAYS

"ArmLock putting is about maintaining a flat lead wrist, and I worked with JumboMax to create a grip that makes it easy to do. The result is the JumboFlat 17, which has the widest flat surface of any ArmLock grip. It also tapers so it can rest against the full length of my forearm during the entire stroke.

I just love the shape on the back of this grip. It's rounded in a way that perfectly fits my fingers, and that makes it so comfortable."

Golf Pride®

For over six decades, Golf Pride has been the global leader in golf grip innovation and technology, from the invention of the slip-on grip to ground breaking advancements in cord with our Brushed Cotton Technology (BCT) to the introduction of the hybrid category of grips.
